

TEAM ALLOCATION POLICY

PURPOSE

Carnegie Netball Club is committed to achieving fairness and equality to all members and teams. All requests for a specific team allocation will be given due consideration in accordance to the allocation policy.

RESTRICTIONS WITHIN THE POLICY

The Club will endeavour to meet the needs and wishes of each player. However, the balance of teams is also an important consideration. Carnegie Netball Club hopes parents and players understand and appreciate that the process is difficult, and that individual preferences may not always be possible.

We reserve the right to place players to meet individual, team and club needs, and sincerely hope that parents and players will support this.

RETURNING MEMBERS

- All members returning from the previous season will be given priority to register over new members, provided they have completed registration by the due date
- Carnegie Netball Club will review teams from season to season to ensure that numbers are fairly distributed between teams within an age group. This is also balanced with other considerations, including the mix of experienced players and new players and the availability of parents to coach or manage teams.
- For the older age groups Players skill level across the age is considered with the positions they wish to play

NEW PLAYERS / EXISTING PLAYERS CHANGING TEAMS

- Existing players that wish to change teams from the previous season are asked to submit their request, in writing via email to registration@carnegienetballclub.com.au at the time of registration. All requests for changes will be considered but cannot be guaranteed.
- New members will be allocated to teams based on team numbers with a view to maintain an even balance between teams within an age group. New members may also submit team allocation requests, in writing, at the time of registration. These requests will be considered should team numbers permit.
- We will endeavour to inform players of changes as early as possible but is not always possible.
- A review of players suitability in teams will occur during the CDNA grading process.
- Players that have other commitments on a Saturday eg School sports, dance, football etc that impact their commitment to the team on a regular basis need to inform the club in writing at the time of registration via email. Consideration of this will be then taken and this may then affect the team they are placed into for the season, or they may be used as a fill in player across one or a number of teams in a division.
